Lyrics:

You know what you're looking for over here
We know what you're craving for, it's here,
oh...
The search is over, come on in!
Enjoy this magical world we're in!

We're here to give you primetime
Here to party great time
Here to give you primetime
Here to party anytime (4x)

We're here to give you primetime
Here to give you primetime!!!
